

ZERO

CHAMPIONS CHATTER

SOUTHERN CALIFORNIA | MAY 2021

WELCOME NEW CHAMPION - BERNADETTE GREENWOOD

As an Army veteran and chief research officer at HALO Diagnostics (the host practice for ZERO's Coachella Run/Walk), Bernadette is no stranger to going above and beyond the call of duty. In between overseeing the clinical and research activities at HALO Diagnostics and pursuing her Ph.D., Bernadette has become an active patient advocate for prostate cancer patients in California. In 2020, she was the top fundraiser for the ZERO Prostate Cancer Run/Walk - Coachella Valley and lent her expertise as a medical professional during an education segment of the Southern California Virtual Celebration.

2021 ZERO RUN/WALKS

ZERO Prostate Cancer Run/Walks are back! [Register](#) today for your local event or participate virtually.

September 18 - San Diego Run/Walk

September 25 - Coachella Valley Run/Walk

October 2 - Bakersfield Run/Walk

November 6 - Greater Los Angeles Run/Walk

RACIAL DISPARITIES IN PROSTATE CANCER SYMPOSIUM

Join us virtually to hear directly from members of ZERO's Racial Disparities Task Force, learn about racial disparities in prostate cancer treatment and outcomes, and explore structural racism and how it affects Black men. You will also get informed on important research programs aimed at better understanding racial disparities in prostate cancer and hear tips on how the most high-risk men can become empowered and active participants in prostate cancer screening and treatment decision-making. [Register](#) now to secure your seat at this important prostate cancer education event!

JUNE CHAPTER CHAT

Join us June 3 at 5:30 p.m. PT for the next chapter chat. If you have any ideas or topics you would like to discuss please let me know so I can add it to the agenda.
